

To redeem an American Power Sports Gift card you have two options. The first is to call the order in. The second is to submit your order on-line and **immediately** send an e-mail to info@apskarting.com. Make sure that your e-mail contains the name the order was placed under, the amount of the gift card, a daytime phone number and the six digit number off the back of the card. We will retrieve the order and deduct the gift card amount from the order. Orders are submitted directly to our warehouse from the web-site for immediate processing so do not delay in sending an e-mail.
